

Listening Skills

Meaning:

Listening Skill plays an important role in the process of communication. It is a basic input method in acquiring knowledge and skills. Great speakers are primarily good listeners. Listening may be defined as an act of receiving oral language.

Purpose:

Every good communication starts with good listening. Good listening skill helps to improve our interaction and relationship with others. It leads to fewer mistakes in any task we are allotted, increases sharing of information which in turn leads to more creative and innovative work.

Types of Listening:

1. **Discriminative listening:** This develops right from childhood as we grow into an adult gaining more life experiences. Gradually our ability to distinguish between different sounds improves.
2. **Comprehensive listening:**
This involves understanding the message that is being communicated. For this, the listener first needs a vocabulary and background knowledge. An overly complicated or technical jargon can be a barrier to comprehensive listening
3. **Informational listening:**
Whenever you listen to learn something, you are engaged in informational listening. This is done in day-to-day situations in education and at work.
4. **Critical listening:**
Critical listening is a careful act which helps in evaluating, making judgements, forming opinions, solving problems and making decisions. The received information should be analysed with the existing beliefs and ideas.
5. **Empathic listening:**
It is an attempt to understand the feelings and emotions of the speaker; to put oneself into the speaker's shoes and share their thoughts. This type of listening does not involve making judgements or offering advice but gently encouraging the speaker to explain and elaborate on their feelings and emotions.
6. **Appreciative listening:**
It is listening to music, especially songs for enjoyment. A good example is listening to movies.

1. Teachers day

A very good morning to the Principal, respected teachers and my dear colleagues. We are here today to celebrate a most honourable occasion of Teachers day. Really it is an honourable occasion to all the students all over the India. It is observed every year to pay respect to the teachers from their obedient students. So, dear friends come on and join this celebration to pay a heartily respect to our own teachers. They are called as the back bone of our society because they highly contribute in building up our characters, shaping our future and help us to be ideal citizens of the country.

Teacher's day is celebrated all across the India every year on 5th of September to pay tribute to the teachers for their precious contributions in our study as well as towards the society and country. There is a great reason behind the celebration of teacher's day on 5th of September. Actually, 5th of September is the birthday Dr. Sarvapalli Radhakrishnan. He was a great person and highly devoted towards the education. He was well known as the scholar, diplomat, Vice President of India, President of India and most importantly the Teacher. After his selection as the Indian President in 1962, he was asked and requested by the students to get permission to celebrate his birthday on 5th of September. However, he replied that, instead of celebrating 5th of September as my personal birthday, it would be better if it is dedicated to the whole teaching profession. And 5th of September should be celebrated as teachers day all over India to pay honour to the teaching profession.

For all students of India, Teachers' Day is like an occasion and opportunity to pay tribute and gratitude to their teachers for their continuous, selfless and precious efforts in shaping the future. They prepare us to tackle any bad situation of the life through the knowledge and patience. Dear teachers we are really grateful to all of you and would be forever.

Thank you.

2. Gandhi jayanti.

Gandhi Jayanti is a national event in India celebrated every year to pay tribute to the Father of the Nation, Mahatma Gandhi. This day is also celebrated as the International Day of Non-Violence all over the world as announced by the United Nations General Assembly on 15th of June in 2007. It is celebrated as a national

holiday in all states and union territories of our country to commemorate the birth anniversary of Mohandas Karamchand Gandhi (born on 2nd of October in 1869). His non-violence movement for independence of India is remembered by the youths of the nation on this day.

The aim of celebrating Gandhi Jayanti is to spread Bapu's philosophy and the aim of non-violence in all the countries worldwide. Gandhi Jayanti celebration involves commemorating Mahatma Gandhi and his contributions in India's Independence. It is celebrated with a lot of zeal and enthusiasm all over the country. Various competitions are held in schools and colleges for essay writing, debate, painting, quiz, etc. The public and government offices, banks and post offices remain closed on this national holiday.

He worked great for achieving Swaraj, remove untouchability from society, abolition of child marriage and other social issues, and improving economic condition of farmers. The movements run by him for India's independence were great social movements such as Non-cooperation movement in 1920, Dandi March in 1930 and Quit India Movement in 1942 to help Indian people in getting freedom from British rule. His Quit India Movement was a call to British to leave India.

Gandhi Jayanti is celebrated in various innovative ways by the students, teachers, government officials, etc. all over the country. It is celebrated at Raj Ghat, New Delhi by offering flowers on Gandhi's statues, singing his favorite devotional song "Raghupati Raghava Raja Ram" and other ceremonial activities by the government officials.

It is one of the three National Holidays of the country (other two are Independence Day and Republic Day) celebrated every year in the schools, colleges, educational institutions, government and non-government organizations, etc. Schools, colleges, government offices, post offices, banks, etc. remain closed on Gandhi Jayanti in order to pay tribute to the great leader of India. We remember Bapu and his great deeds by celebrating the Gandhi Jayanti. Students are assigned for various tasks to perform at this day such as speech recitation, drama play, essay writing, slogan writing, group discussion, etc based on the life and works of Mahatma Gandhi.

Thank you.

3.Independence day

A very warm good morning to the respected teachers and my dear friends gathered here. Today we are gathered here to celebrate this auspicious occasion of Independence day on 15th of August. We celebrate this day with lots of enthusiasm and joy every year because our country got freedom at this day in 1947 from the British rule. We are here to celebrate nth number of independence day. It is great and most significant day for all Indians. People of India had suffered cruel behaviour of Britishers for many years. Today we have freedom in almost all fields such as education, sports, transportation, business, etc just because of the years of struggle of our forefathers. Before 1947, people were not so free even they were restricted to have rights on their own body and mind. They were slave of Britishers and forced to follow all the orders of them. Today we are free to do anything because of the great Indian leaders who Independence day is celebrated all over India with much pleasure. This day is of importance for all Indian citizens as it gives us opportunity to remember all those freedom fighters who had sacrificed their lives just for giving us a peaceful and beautiful life. Earlier the independence, people were not allowed to get educated, eat healthy food and live like us. Indians were treated more badly than slaves by the Britishers. It was a very shameful condition for us. We should be grateful to those events happened in the history because of which we are able to live in an independent India.

Some of the great freedom fighters of India are Netaji Subhash Chandra Bose, Jawaharlal Nehru, Mahatma Gandhi, Bal Gangadhar Tilak, Lala Lajpat Rai, Bhagat Singh, Khudi Ram Bose and Chandra Shekhar Azad. They were the famous patriots who struggled hard for the freedom of India till the end of their life. We cannot imagine that horrible form of Britishers' rule. Now, after many years of independence our country is on the right track of development. Today our country is a well established democratic country all over the world.

Gandhiji was great leader who taught us about effective way of freedom like ahimsa and satyagraha methods. Gandhi dreamed of an independent India with the non-violence and peace.

India is our mother country and we are its citizens. We should always be ready to save it from the bad people. It is our responsibility to lead our country ahead and make it a best country of the world.

4. Republic day

Good morning to my respected Principal Madam, my respected Sir and Madam and my all colleagues. I would like to say thank you to give me such a great opportunity to speak something on our Republic Day.

Today, we all are here to celebrate republic Day of our nation. This is a great and auspicious occasion for all of us. We should greet each other and pray to God for the development and prosperity of our nation. We celebrate Republic Day in India every year on 26th of January as the constitution of India came into force at this day. We are regularly celebrating the Republic Day of India since 1950 as on 26th of January in 1950 India constitution came into force.

India is a democratic country where public is authorized to elect its leaders to lead the country. Dr. Rajendra Prasad was our first President of India. Since we got independence from the British rule in 1947, our country has developed a lot and counted among the powerful countries. Together with some developments, some drawbacks have also arisen such inequality, poverty, unemployment, corruption, illiteracy, etc. We need to take a pledge today for solving such problems in the society to make our country a best country of the world. Our National Anthem is written by the great poet Rabindranath Tagore.

Our national flag has three colours and a wheel in the center with 24 equal sticks. All the three colours of our Indian National Flag have some meaning. Top saffron colour of our flag denotes the strength and courage of our country. The middle white colour indicates peace however lower green colour indicates the growth and prosperity. There is a navy blue wheel in the center having 24 equal spokes indicating Dharma Chakra of the great king Ashoka.

We celebrate republic day on 26 January as the Indian constitution came into force at this day in 1950. At republic day celebration, a big arrangement takes place by the government of India in New Delhi at Rajpath in front of the India Gate. Every year, a chief guest (prime minister of other country) is invited to fulfill the purpose of saying "Atithi Devo Bhava" as well as enhance the glory of the occasion. Indian army do republic day parade and take salute of the National Flag. There is also a big exhibition of the Indian culture and tradition takes place by the different Indian states to show the Unity in Diversity in India.

Jai Hind, Jai Bharat

Good morning to one and all present here. Today I feel honour to stand before you to speak about something that is not just

a part of our past, but also a guiding light of our future. The Indian knowledge system

of India is land of ancient wisdom for thousand of years. Our ancestors have contributed immensely to ^{field} like mathematics, medicine, astronomy, architecture, philosophy, art and literature. This knowledge was not just theoretical. It was practical, scientific and deeply connected with nature & human life.

Think of Ayurveda one of the oldest system of medicine in the world or Yoga which has gain global recognition for its power to heal the mind and the body.

In the field of education, the Indian Gurukula system focused on holistic development not just academic learning but also ethics, discipline & harmony with nature.

The Indian knowledge system teaches sustainability, balance & respect for our form of life. Our Vedas and Upanishads & epics like Ramayana & Mahabharat are rich in moral, spiritual, & intellectual teaching.

Let us be proud of this incredible legacy. Let us not ^{forget} our past outdated but as treasure, chest of wisdom that can guide our present and shape our future. The Indian

knowledge system is not just about looking back. It is about moving forward with confidence & rootedness.

World Environment Day

Every year June 5th is observed as World Environment Day across the globe. It is not just a date ~~at~~ on the calendar. It is a moment a call to action and a reminder that Earth is not inheritance from our ancestors but borrowed from children.

Our environment the air we breathe, the water we drink, the trees that give us oxygen, the animals that share this planet with us, is under the real pollution, deforestation, climate change, plastic waste, these are not just environmental issues they are human issues.

This year theme urges us to take specific steps whether its ^{reducing} plastics, saving water, planting trees or shifting to sustainable life style.

We must remember small changes lead to big impacts. Say no to single use

plastic, carry your own bags, plant a tree
switch of light when not needed, spread
awareness, this actions may ~~seem~~ seem

A very warm good morning to
respected teacher and my dear friends

about Republic day.

I would like to say thank you to
give me such a great opportunity to speak
something on our republic day.

This is very auspicious occasion for
all of us since 1950. We are celebrating
republic day every year with lots of
joy and happiness. We should greet
each other and pray to god for the
development of our nation. We celebrate
republic day in India every year on
26th January as the constitution of
India came into force on this day.

We are regularly celebrating the republic
day of India since 1950. On 26th of January
in 1950 Indian Constitution came into force.
India is a democratic country where prop
is authorized to elect its leaders to lead the
country. Dr. Rajendra Prasad was our first
President of India. Since we got independent
from the British rule in 1947.

Our national anthem is written by
A great poet Rabindranath Tagore. Our
national flag has 3 colours and the a
wheel centre with 24 equal sticks. Our
3 colours of our Indian National flag
have some meaning. The top saffron
colour of our flag denotes the strength &
courage of our country, the middle white colour
indicates peace however lower green colour
indicates the growth & prosperity. There is
a navy blue wheel in the centre having
24 equal spokes indicating the Bharma
Chakra of the great king Ashoka.

We celebrate Republic day on 26th Jan
a big arrangement takes place by govt of
India in New Delhi. Every year a chief
guest (Prime minister of our country) is
invited to fulfill the purpose of saying
with Devbhava as well as announce the
glory of the occasion. Indian Army do
Republic day parade & takes salute to
the national flag. There is also a big
exhibition of Indian culture & tradition
takes place by the different Indian states.

show the unity ⁱⁿ diversity in India
 Together with the some developments
 some drawbacks have also such inequality
 poverty, unemployment, corruption etc.
 We need to take a pledge today
 for solving such problems in the
 society to make our country the best
 of the world
